

# InteGreen™ Compostable Can Liners

Width (inch)	Length (inch)	Gauge (mil)	Printing	Film Color
24" - 48"	22" - 61"	1.0 - 3.0	1C/1S Random Print*	Degradable Green

## Features & Benefits

- All bags are interleaved for easy one-at-a-time dispensing
- ASTM D6400 compliance for biodegradability and compostability
- InteGreen™ is certified by Biodegradable Products Institute (BPI)
- Star seal bottom for even weight distribution and easy removal from a receptacle
- Space saver packaging reduces freight costs, allow easy dispensing directly from carton
- Available in custom colors

## Applications

- Lawn and Leaf Waste Collection
- Food Waste Collection

\* For printing on all compostable bags, BPI requires:  
 (1) Their logo to appear on all bags  
 (2) Their logo must be the largest logo printed on the bags  
 Additionally, BPI charges an annual fee for printing of any logo on a compostable bag  
 \*\* Minimum order quantity is 6,500 lbs (equivalent to 6 full pallets)
